

A Message from the Principal

Welcome to Milford Public School! Our school is a Preschool to 8th grade school that is a place to learn, a place to grow, and where children come first. We believe that all children can learn and that it is our responsibility as educators to find how each child learns and to provide strategies for achieving success and excellence.

Academics are our top priority with emphasis on developing critical thinking, problem solving and creativity in all areas of the curriculum. Teachers differentiate their instruction to meet the needs of their diverse classroom of learners. Our small classes allow for individual instruction to further enhance academic retention. We set high expectations for student achievement.

Our character education program emphasizes the pillars of character through our unique "Families" program. We have ten "families" consisting of a teacher and a member of each grade in our school. This group works on projects together, social issues are discussed, and older children mentor and set the example for younger members of their "family."

The PTO is a very active and enthusiastic group of parents who work hand in hand with the Milford School staff. They fundraise and provide assemblies, instructional materials for the classrooms, dances and family movie nights, classroom parties, etc. This year they hope to sponsor a whole school field trip that correlates with our study of the local area history.

Our staff and our PTO are an exceptional group dedicated to providing the best academic program in a safe and nurturing environment to the students at Milford Public School.

The school website is updated frequently, and I encourage you to visit it frequently to learn more about Milford School.
